

Introducing interest free credit

Why choose the 12 month interest free offer?

- > You can spread payments over 12 equal monthly instalments thereby freeing up cash for other projects
- > Absolutely No Interest. What you pay is the value agreed divided by 12 monthly payments
- > On receipt of the 12th payment, ownership of the product passes to you
- > No upfront payments or deposit required
- > Cost of equipment, delivery and install, service and maintenance package and food loss insurance can all be spread over 12 monthly payments

How the 12 month interest free offer works

- >  ensures an Interest Free application form is completed
- > Foster carry out a credit check
- > If the credit check is approved, Foster will draw up the paperwork and send it directly to you
- > Once you have signed the contract agreement and sent it back to Foster, they will arrange delivery and installation of the product(s)
- > Your direct debits will be set up immediately upon receipt of the signed contract and you will be notified of when the collection of payments will commence
- > Goods are dispatched to you
